

Raising happy, healthy kids

For parents of
children ages 3–9

Discipline, behavior, and self-esteem

Community Health Forum

Free event

Free on-site babysitting for
children ages 3–9.

Reservations are
recommended. Call the
Group Health Resource Line
at 1-800-992-2279 or
e-mail resource.l@ghc.org.

Sponsored by Group Health's
Northwest Washington District
Advisory Group

Your child's behavior is the result of many factors:
temperament, environment, and unexpected life events to
name a few. Attend this forum to learn how such factors
influence behavior and how you can respond by providing
an environment of discipline that promotes positive behavior
and nurtures self-esteem.

Presenters:

STEVE WALLACE, MD, pediatrician, Madrona Pediatrics Group

SUSAN KANE-RONNING, PHD, child psychologist

LESLIE KNUDSEN, Bellingham Public Schools

Mon., Nov. 6 | St. Luke's Community Health Education Center
6:30–8:30 p.m. | 3333 Squalicum Parkway, Bellingham
