

High School Athletic Fee Information 2009-2010

Students attending the three high schools in the Bellingham School District will have the opportunity to participate in a quality athletic program next year. As a result of significant state budget cuts, the high school athletic program will need to institute a fee structure for participants in order to cover a larger portion of the program costs. In order to achieve this goal, students will be required to pay a participation fee in addition to the ASB fee previously in place. All interscholastic sports currently offered will continue during the 2009-2010 school year.
