

Bellingham School District

Student Acceptable Use Policy and Parent Opt-Out Form

Introduction

We are pleased to offer students of the Bellingham Public Schools access to the district computer network resources, electronic mail and the Internet. Parents, please review this document carefully, with your son/daughter. Families have the right to restrict the use of Internet and e-mail by completing this form and returning it to your school. The request for restriction is recorded in the student information system, and the form is kept on file. Any questions or concerns about this permission form or any aspect of the computer network should be referred to your school's Library Media Specialist.

OPT-OUTS remain in effect for the current school year.
If no documentation is on file, it will be assumed that permission for Internet and e-mail usage has been granted.

General Network Use

The network is provided for students to conduct research, complete assignments, and communicate with others. Access to network services is given to students who act in a considerate and responsible manner. Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Access is a privilege—not a right—and entails responsibility. As such, general school rules for behavior and communications apply and users must comply with district standards. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communications of individuals utilizing the network.

District staff may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on district servers will be private.

Internet / E-mail Access

Access to the Internet and e-mail will enable students to use thousands of libraries and databases. Families should be warned that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. Filtering software is in use, but no filtering system is capable of blocking 100% of the inappropriate material available on the Internet. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, the Bellingham School District supports and respects each family's right to decide whether or not to restrict access (see reverse side).

Publishing to the Internet

Parents, your daughter or son's work may be considered for publication on the Internet, specifically on his/her school's web site. The work will appear with a copyright notice prohibiting the copying of such work without express written permission. In the event anyone requests such permission, those requests will be forwarded to the student's parent/guardian.

Photos of students may be published on school/district web sites, illustrating student projects and achievements. In addition, your daughter or son's full name may be considered for publication on his/her school's web site. If published, his/her name will appear on pages with a clear school related purpose and will be included to further instructional and/or co-curricular activities. Permission for such publishing does not grant permission to share any other information about your son/daughter, beyond that implied by their inclusion on the web page(s). **If you do not want your child's work, photo or name to be published on the web site**, please indicate this on the RESTRICTION OF RELEASE OF DIRECTORY INFORMATION, which can be found in the Back-to-School mailing or on the district web site at <http://www.bham.wednet.edu/families/families.htm>. Click on the "Restriction of Release of Student Information Form" link.
