## Benefit Summary

Lifetime maximum benefit	\$2,000,000
Deductible per calendar year	\$200 Per Member \$600 Per Family (3 times the member amount)
Maximum coinsurance per calendar year	\$1,000 Per Member \$2,000 Per Family (2 times the member amount)
After the maximum coinsurance is met, the plan pays	100% for the remainder of the calendar year except where noted

## Understanding Your Benefits

- We will begin to pay benefits for covered services in any calendar year only after your deductible is satisfied. Your deductible applies for all services unless otherwise specified.
- Once you have satisfied any applicable deductible, we pay a percentage of the allowed amount for covered services. When our payment is less than 100%, you pay the remaining percentage. This is your **Coinsurance** (Member Responsibility).

## You Select Your Provider and Control Your Out-of-Pocket Expenses

- **Category 1.** You choose to see a preferred provider and save the most in your out-of-pocket expenses. Choosing this category means you will not be billed for balances beyond any deductible, copayment, and/or coinsurance for covered services. You can find a list of providers at our Website or by calling Customer Service.
- **Category 2.** You choose to see a participating provider and your out-of-pocket expenses will generally be higher than if you choose Category 1 because we may negotiate larger discounts with preferred providers that will result in lower out-of-pocket amounts for you. Choosing this category means you will not be billed for balances beyond any deductible, copayment, and/or coinsurance for covered services.
- **Category 3.** You choose to see a provider that does not have a participating contract with us and your out-of-pocket expenses will generally be higher than Category 1. **Also, choosing this category means you may be billed for balances beyond any deductible, copayment, and/or coinsurance.** This is sometimes referred to as balance billing.
