_____.htm

This imaginary Web site consists of a home page with links to 3 other pages, and 3 images

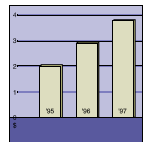

1. Write a brief and correct file **name** below each page and each image.
2. Draw a line from the **subdirectory** to the **directory** that contains it.
3. Draw a line from each file, with an arrow pointing to the **directory or subdirectory** that contains it.
4. Study the file relationships, and write the correct **file link** after the = sign.
